IMPORTANT NOTICE

- To all cotton growers in Yuma County.
- Pink Bollworm Eradication will enter year four in your area this year.
- Arizona growers have the option of planting 100% Bt cotton, when planted in conjunction with Pink Bollworm Eradication activities using sterile moths as an alternate refuge strategy. Copies of the 24c labels for 100% Bt planting are available from ACRPC.
- If you plant conventional cotton, **ALL** Non-Bt (including experimental or demonstration plots) must be registered on the attached forms.
- A payment of \$32 per planted acre of Non-Bt cotton is to be remitted to the Arizona Cotton Research and Protection Council by the payment due date.

Yuma County

West of Ave 58E – March 15, 2011

East of Ave 58E - May 16, 2011 (Dateland and Aztec)

- The \$32 per acre fee is waived for Bt cotton acreage planted.
- Non-Bt fees not paid by the due date **will** be subject to substantial additional fees.

The following are the steps to follow in registration:

- Step 1 Fill out the information form completely.
- Step 2 Locate and clearly mark the fields where you plan to plant non-Bt (highlighter, marking pen or other distinct marker).
- Step 3 If you have non-Bt fields outside the mapped area, locate and draw these in the appropriate section on the blank township map provided.
- Step 4 Place all maps and information in the enclosed self-addressed envelope and mail to ACRPC before the deadline for your county.

NOTE: Please return the information form marked zero for acres if you do not plan to grow non-Bt cotton in 2011.
